Policy Updates

The President seeks \$1.35 billion in 2010 to continue Race to the Top funding for school districts.

<http://www.whitehouse.gov/photos-and-video/video/race-top-education-reform>

Using state-level NAEP data, this brief illustrates the pitfalls in one-dimensional appraisals of achievement gaps. Analyzing the gaps from at least four perspectives is essential to gaining a comprehensive, accurate picture of equity.

http://www.edtrust.org/sites/edtrust.org/files/publications/files/NAEP%20Gap_0.pdf

College-And-Career-Ready: Using Outcomes Data to Hold High Schools Accountable for Student Success reports how states are building data systems to track student progress after high school into the workforce and college. Communications are improved as vital information flows between K-12, higher education, and workforce information systems.
