

DIPLOMA PLANNING

DPI INSTITUTE

NATIONAL DROPOUT PREVENTION CENTER

*Helping schools
create a customized
plan to reduce
dropout*

THE DIPLOMA PLANNING INSTITUTE guides district and school administrators toward building a *foundational dropout prevention plan* based on researched and proven strategies.

Administrators work directly with national field experts to utilize local data and direct knowledge of their students to design a customized plan for their school system. By implementing a strategic, systemic plan and streamlining their vision, schools can *minimize the frustration and futility of incohesive efforts*.

After the initial DPI training, leaders can *network with colleagues* in similar school settings from across the country and gain access to the nation's largest resource of information, research, and expertise on dropout prevention.

Participants will:

- **Examine and discuss local data**
- **Learn research-based strategies**
- **Identify current and potential efforts**
- **Target specific needs and risk factors**
- **Collaborate with colleagues**
- **Develop next steps for implementation**

**NATIONAL DROPOUT
PREVENTION CENTER**
www.dropoutprevention.org

*DPI's goal is to help schools & districts
turn random acts of dropout prevention
into a strategic, systemic approach.*

- Dr. Sandy Addis, Director, NDPC
